OFFICE MEMORANDUM

Subject: - Certification procedure for certification of Conditional Access System (CAS) and Subscriber Management System (SMS) - reg.

In continuation of TEC Office Memorandum no. 9-2/2023-C&B/TEC issued on 13.09.2024, following instructions are hereby issued as "Certification procedure for certification of Conditional Access System (CAS) and Subscriber Management System (SMS)";

- (i) Name of Certificate shall be known as "Approval Certificate for CAS/SMS".
- (ii) The validity of this TEC certificate shall be valid for 3 years from the date of issue,
- (iii) The certificate will be issued by Director (RC), TEC-HQ or any other officer designated for the purpose. The RC unit may seek any clarifications/corrections in the Draft certificate from the concerned core division or RTEC NR, if required.
- (iv) The information regarding the certificate so issued shall be put on the TEC website.

2. The updated CAS/SMS flow-chart for new applications and the template for the "Approval Certificate for CAS/SMS" are available on the website and enclosed with this OM.
3. If, any situation arises for clarification or any point not covered above, the TEC "CERTIFICATION PROCEDURE No. TEC 05019:2021" shall be referred.
4. This is issued with the approval of the competent authority.

No. : _____

Date: <dd.mm.yyyy>

TERMS & CONDITIONS:

- i) This certificate merely indicates conformance to the TEC Standard/ TEC Test Guide document mentioned herein and the actual use of the product is subject to the applicable government rules and regulations including security requirements.
- ii) This certificate does not cover any functions or features beyond the scope of the TEC Standard mentioned herein, nor the performance of the equipment in different environment conditions.
- iii) This certificate issued by TEC shall be valid only for this hardware variant/model of the product. Any hardware variant of the product shall be treated as a different model for which a fresh certificate shall be required.
- iv) The software version mentioned in this certificate was the version declared by the certificate holder at the time of testing of the product. Any change in the software version of the product has to be brought to the notice of TEC along with a declaration as per the prescribed procedure to avoid cancellation of the certificate. TEC will issue an acknowledgement of receipt of such declaration.
- v) During the validity of this certificate, TEC reserves the right to inspect and/or test the product/equipment at any premises where it is in use or at the place of the manufacturer. If any adverse effect/deterioration in the performance of the approved product/equipment or interconnected system is noticed during inspection and/or testing or its use in Indian telecom network, TEC reserves the right to cancel/suspend the certificate.
- vi) For radio communication equipment, the operating frequencies shall comply with the approved frequencies by Wireless Planning and Co-ordination (WPC) wing of Department of Telecommunications. Possession, use, sale and operation of the wireless product is subject to applicable permissions/licenses.
- vii) This certificate should not be construed to be an authorization for trading or manufacturing activities which may be subject to applicable laws/rules/regulations.
- viii) TEC may amend/suspend/cancel this certificate in view of Government orders and rules or any anomaly noted by TEC/RTEC.
