Notification

Subject: Amendment of clauses in MTCTE Procedure v3.0 (TEC 93009:2024)-reg.

Approval of the Competent Authority is hereby conveyed for the amendment of Testing & Certification Procedure v3.0 of MTCTE (TEC 93009:2024) with immediate effect. The amended clauses are as follow:

Clause 2.1(iii):

"Associated Model" means model of a telecom equipment having identical software but is formed by using chassis/ motherboard and cards/ access ports of another tested and certified main model having largest configuration.

Clause 2.1(xiv):

"Model" means a particular hardware/software design or version of a product/equipment bearing a unique model number assigned to the equipment. An equipment, which is different in either of hardware/software/design/ model/version, shall be treated as a different model.
