<b>Technical Relevance</b>	Technical-Correction

**Proposal in brief**

- a. The Commission is correcting the docket number in a proposed rule that appeared in the Federal Register on 29 January 2024 regarding Modifying Emission limits for 24.25 – 24.45 GHz and 24.75- 25.25 GHz Bands.
- b. In the proposed rules Commission specifically proposes to align part 30 of the Commission’s rules for mobile operations with the Resolution 750 limits on unwanted emissions into the passive 23.6–24.0 GHz band that were adopted at WRC– 19.
- c. In FR Doc. 2024–01681 appearing on page 5440 in the Federal Register, January 29, 2024, the following corrections are made ET Docket No. 21–186 [Corrected] -
  - a. On page 5440, in the first column, in the Preamble, the Agency Docket Number is corrected to read as “[ET Docket No. 21–186; FCC 23–114; FR ID 198341]”.
  - b. On page 5440, in the third column, in SUPPLEMENTARY INFORMATION, the Regulatory Flexibility Act section is corrected to read as “The Commission seeks comment on potential rule and policy changes contained in the NPRM, and accordingly, has prepared an IRFA.

**Analysis**

- a. Stakeholders are likely to offer comments.
