OFFICE MEMORANDUM

No. 19-17/2024-STD/TEC Dated: 24th January, 2025

Subject: Adoption of TSDSI transposed 3GPP standards for Releases 13 to 17 as per the outcome of TSG#102 (total 297 documents) into national standards.

Telecommunications Standards Development Society, India (TSDSI), as a partner of 3GPP had submitted **TSDSI transposed 3GPP standards for Releases 13 to 17 (total 297 documents)** to Telecommunication Engineering Centre (TEC) for adoption as National Standards. These specifications have been processed for adoption as per the "Standardization Guide – A policy document for adoption of the domestic/international standards into national standards" notified as per O.M. No. 2-1/2018/SD/TSDSI/TEC/59, dated 22nd May 2024. These standards were initially circulated to all the stakeholders for the public consultation. Then, a Consultative Committee (CC) under chairmanship of DDG (MT), TEC with other members from Industry, academia, government, R&D organizations, SDOs etc. have examined the specifications w.r.t. public comments and inclusion of national requirements. Subsequently, Telecom Standards Advisory Committee (TSAC) has recommended adoption of TSDSI transposed 3GPP standards for Releases 13 to 17 (total 297 documents) without any changes ("identical adoption").

Based on recommendation of TSAC i.e. Apex Committee, TEC DoT has approved adoption of the TSDSI transposed 3GPP standards for Releases 13 to 17 as per the outcome of TSG#102 (total 297 documents) into National Standards without any changes ("identical adoption") as specified in Annexure-I.

Mobile Technologies (MT) division of TEC is requested to take further necessary action for allocation of number, publication, etc., of these standards as per the Standardization Guide in consultation with Regional Coordination (RC) Division.
