

Adoption of TSDSI Transposed 3GPP Release 10 to 17 specifications (total 428 documents) into National Standards

Telecommunications Standards Development Society, India (TSDSI), as a partner of 3GPP had submitted 3GPP Release 10 to 17 specifications (total 428 documents) to Telecommunication Engineering Centre (TEC) for their adoption as National Standards.

These specifications have been processed for adoption as per the "Standardization Guide – A policy document for adoption of the domestic/international standards into national standards" notified as per O.M. No. 2-1/2018/SD/TSDSI/TEC/5 dated 8th May 2020. These standards were initially circulated to all the stakeholders for the public consultation. Then, a Consultative Committee (CC) under the chairmanship of DDG (MT), TEC and other members from Industry, academia, government, R&D organizations, SDOs etc. have examined the specifications w.r.t. public comments and inclusion of national requirements. Subsequently, Telecom Standards Advisory Committee (TSAC) has recommended adoption of these TSDSI transposed 3GPP Release 10 to 17 standards (total 428 documents) as National Standard without any changes ("identical adoption").

Based on the recommendation of TSAC Committee i.e. Apex Committee, TEC, DoT has approved the adoption of these TSDSI transposed 3GPP Release 10 to 17 standards (total 428 documents) into National Standards without any changes ("identical adoption").

Annexure-I

The following table contains the list of transposed standards along with the URL of the file folders for each Release:

Releases	Number of Specifications	Links
Release 10	6	https://members.tdsi.in/s/ptMW5sFA2pMGWi2
Release 11	6	https://members.tdsi.in/s/MSaQFeTJ3J8Ef32
