F. No. 15-1/2025-C & B/TEC/ DCC & Sub- DCC/ 3395589 Dated: xx.04.2025

Subject: Inviting nominations for constitution of Development Coordination Committee (DCC) and DCC Sub-Committee (Sub-DCC) of Convergence & Broadcasting (C&B) Division of TEC for the preparation of standards pertaining to Artificial Intelligence -regarding

Telecommunication Engineering Centre (TEC) is a technical wing under Department of Telecommunications, Government of India, responsible for preparation of standards and specifications with regard to Telecom network equipment, services and interoperability.

2. The **Convergence & Broadcasting (C&B) Division** of TEC formulates standards related to Artificial Intelligence Systems.
3. For the year 2025–26, the C&B Division is in the process of constituting the **Development Coordination Committee (DCC)** and its associated **DCC Sub-Committee** to facilitate the preparation of Artificial Intelligence Systems related standards.
4. The **DCC** serves as the apex body within TEC for recommending final drafts of TEC standards. It comprises senior-level representatives who can articulate the vision, plans, and objectives of their respective organizations. Each DCC is supported by a **Sub-DCC**, which includes domain-specific working-level experts of the representative organisations responsible for drafting TEC documents on particular subjects.
5. As the preparation of standards and specifications is a consultative and collaborative process, suitable nominations are invited from your **organization/company/institute** for inclusion as members of the DCC and Sub-DCC of the C&B Division, TEC.
6. Kindly forward the nominations in the enclosed format in Annexure-1 to the C&B Division, TEC, via email at the following addresses latest by **05.05.2025**:

- ddgcb.tec@gov.in
- dircb2.tec-dot@gov.in

Your valuable participation will contribute significantly to the development of robust and forward-looking broadcasting equipment and component standards.
