

Comments invited on draft guidelines for Consumer IoT Security

F.No. : 2-16/2018-IoT/TEC

It is brought to your kind notice that TEC has been working on “Security by design principles in M2M devices manufacturing” and “National Trust Center (NTC) for M2M devices and applications”.

These work items are the part of TRAI recommendations on “Spectrum, Roaming and QoS related requirements in Machine-to-Machine Communications” and accepted by DoT.

As a first step towards implementation of National Trust Center, draft guidelines for Consumer IoT Security have been prepared based on international standards and the best practices. It is the subset of the draft document under progress on the above mentioned work-items.

It is requested to give your valuable comments on these guidelines in the attached proforma by 15th Jan 2021 by sending an email to Mr. Shekhar Singh (ad.iot-tec@gov.in), and cc to namrata.singh51@gov.in, dirsd1.tec@gov.in
