Description: This addendum is to inform that the Office of The National Broadcasting and Telecommunications Commission (NBTC) has proposed to withdraw Notification of the National Broadcasting and Telecommunications Commission on Technical Standard for Telecommunication Equipment: Radiocommunications equipment used frequency 5.925-6.425 GHz (NBTC TS 1039-2566 (2023)) and replace it with this draft Notification (NBTC TS 1039-256X (202X)).

This revised standard specifies the minimum technical characteristics required for radiocommunications equipment operating in the 5.925-6.425 GHz bands.

This draft Notification of the National Broadcasting and Telecommunications Commission will come into force on the day following the date of its publication in the Government Gazette.
